User log-in Information:

Host/Server: carbon.appsvr.com

UserID: palumbo_user1

Password: hxEHhNsd

NOTE: This document shows the log-in process using Fetch 4.0.3 on Mac OS 10.4.7. Using other software (i.e. Cute FTP or Transmit) use the same Server address, UserID ad Password information as listed in this document.

- 1 - Open Fetch (see below screenshot)
- 2 - In the "Host" field (other software might label this "Server"), type **carbon.appsvr.com**
- 3 - In the "username" field, type **palumbo_user1**
- 4 - In the "password" field, type **hxEHhNsd**
- 5 - Click "**CONNECT**"
